WHO WE ARE

Swiss–German roots. Dubai desk.

AULM is an IFZA-licensed B2B precious metals trader — family offices, funds and qualified counterparties only. We buy doré and scrap at LBMA-linked terms and sell LBMA bullion, with documented chain of custody and bank-to-bank settlement. One counterparty from origination to delivery.

On the ground

Africa · Asia · Europe · Dubai intake

ORIGIN

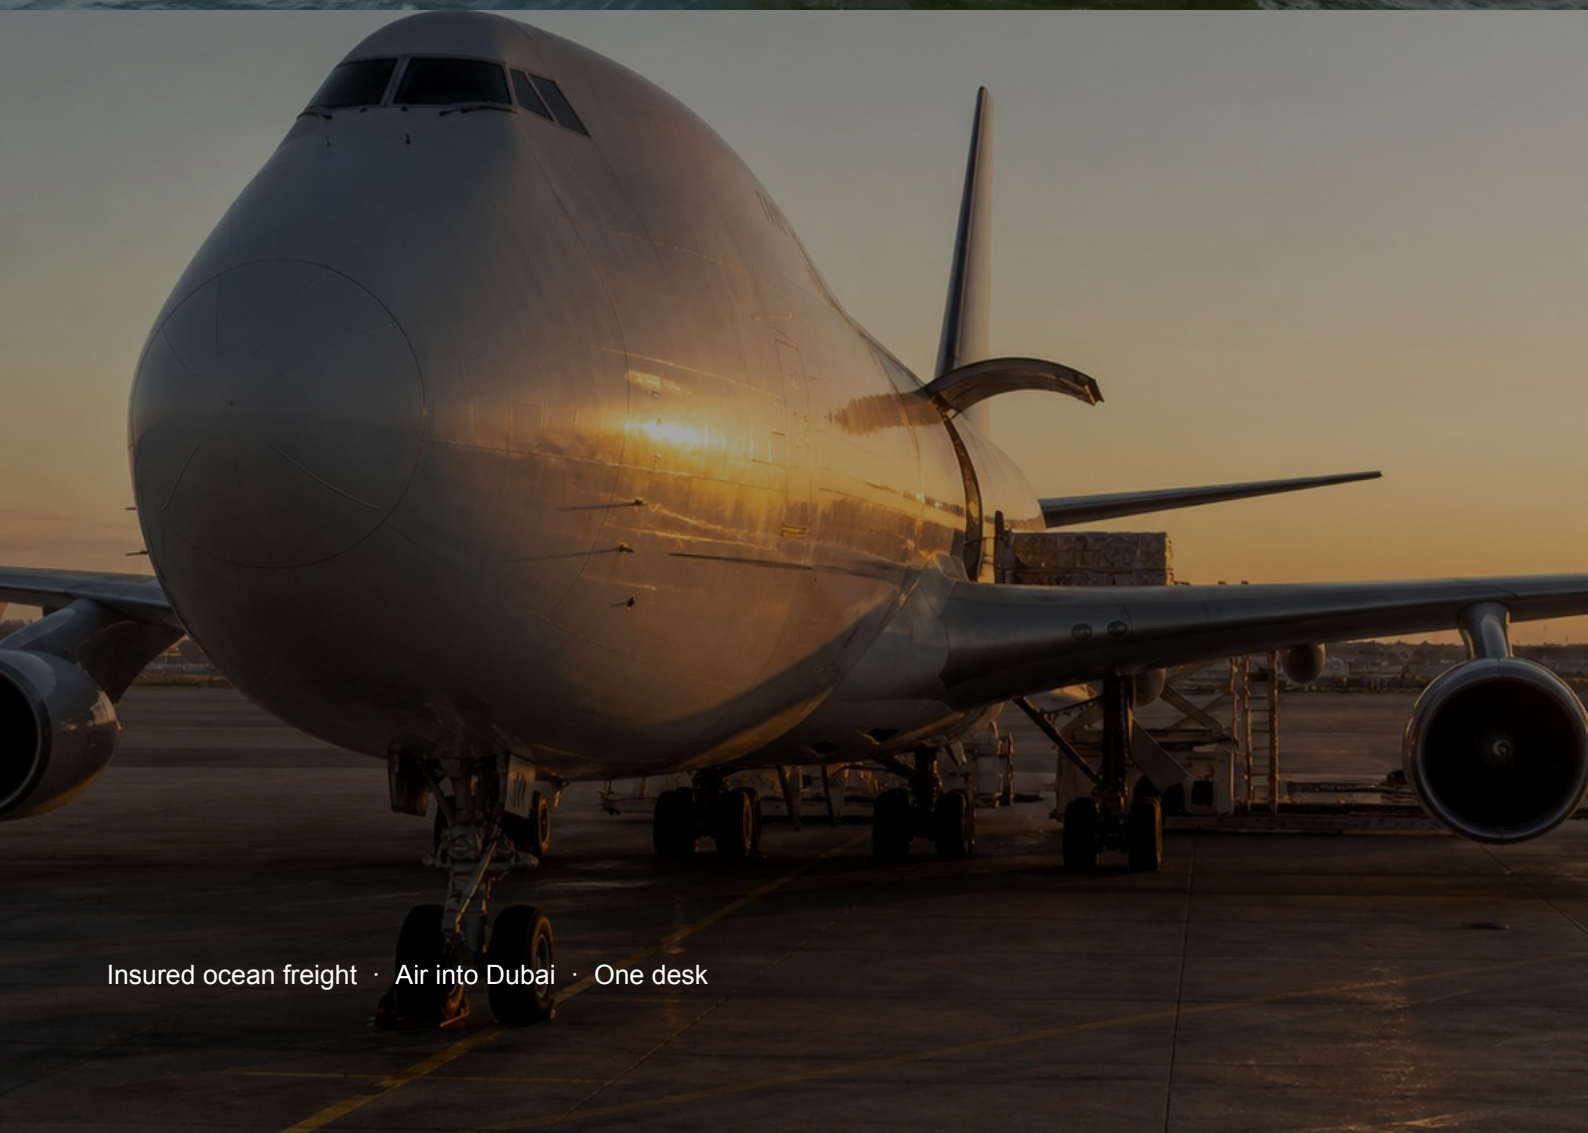

Responsible sourcing

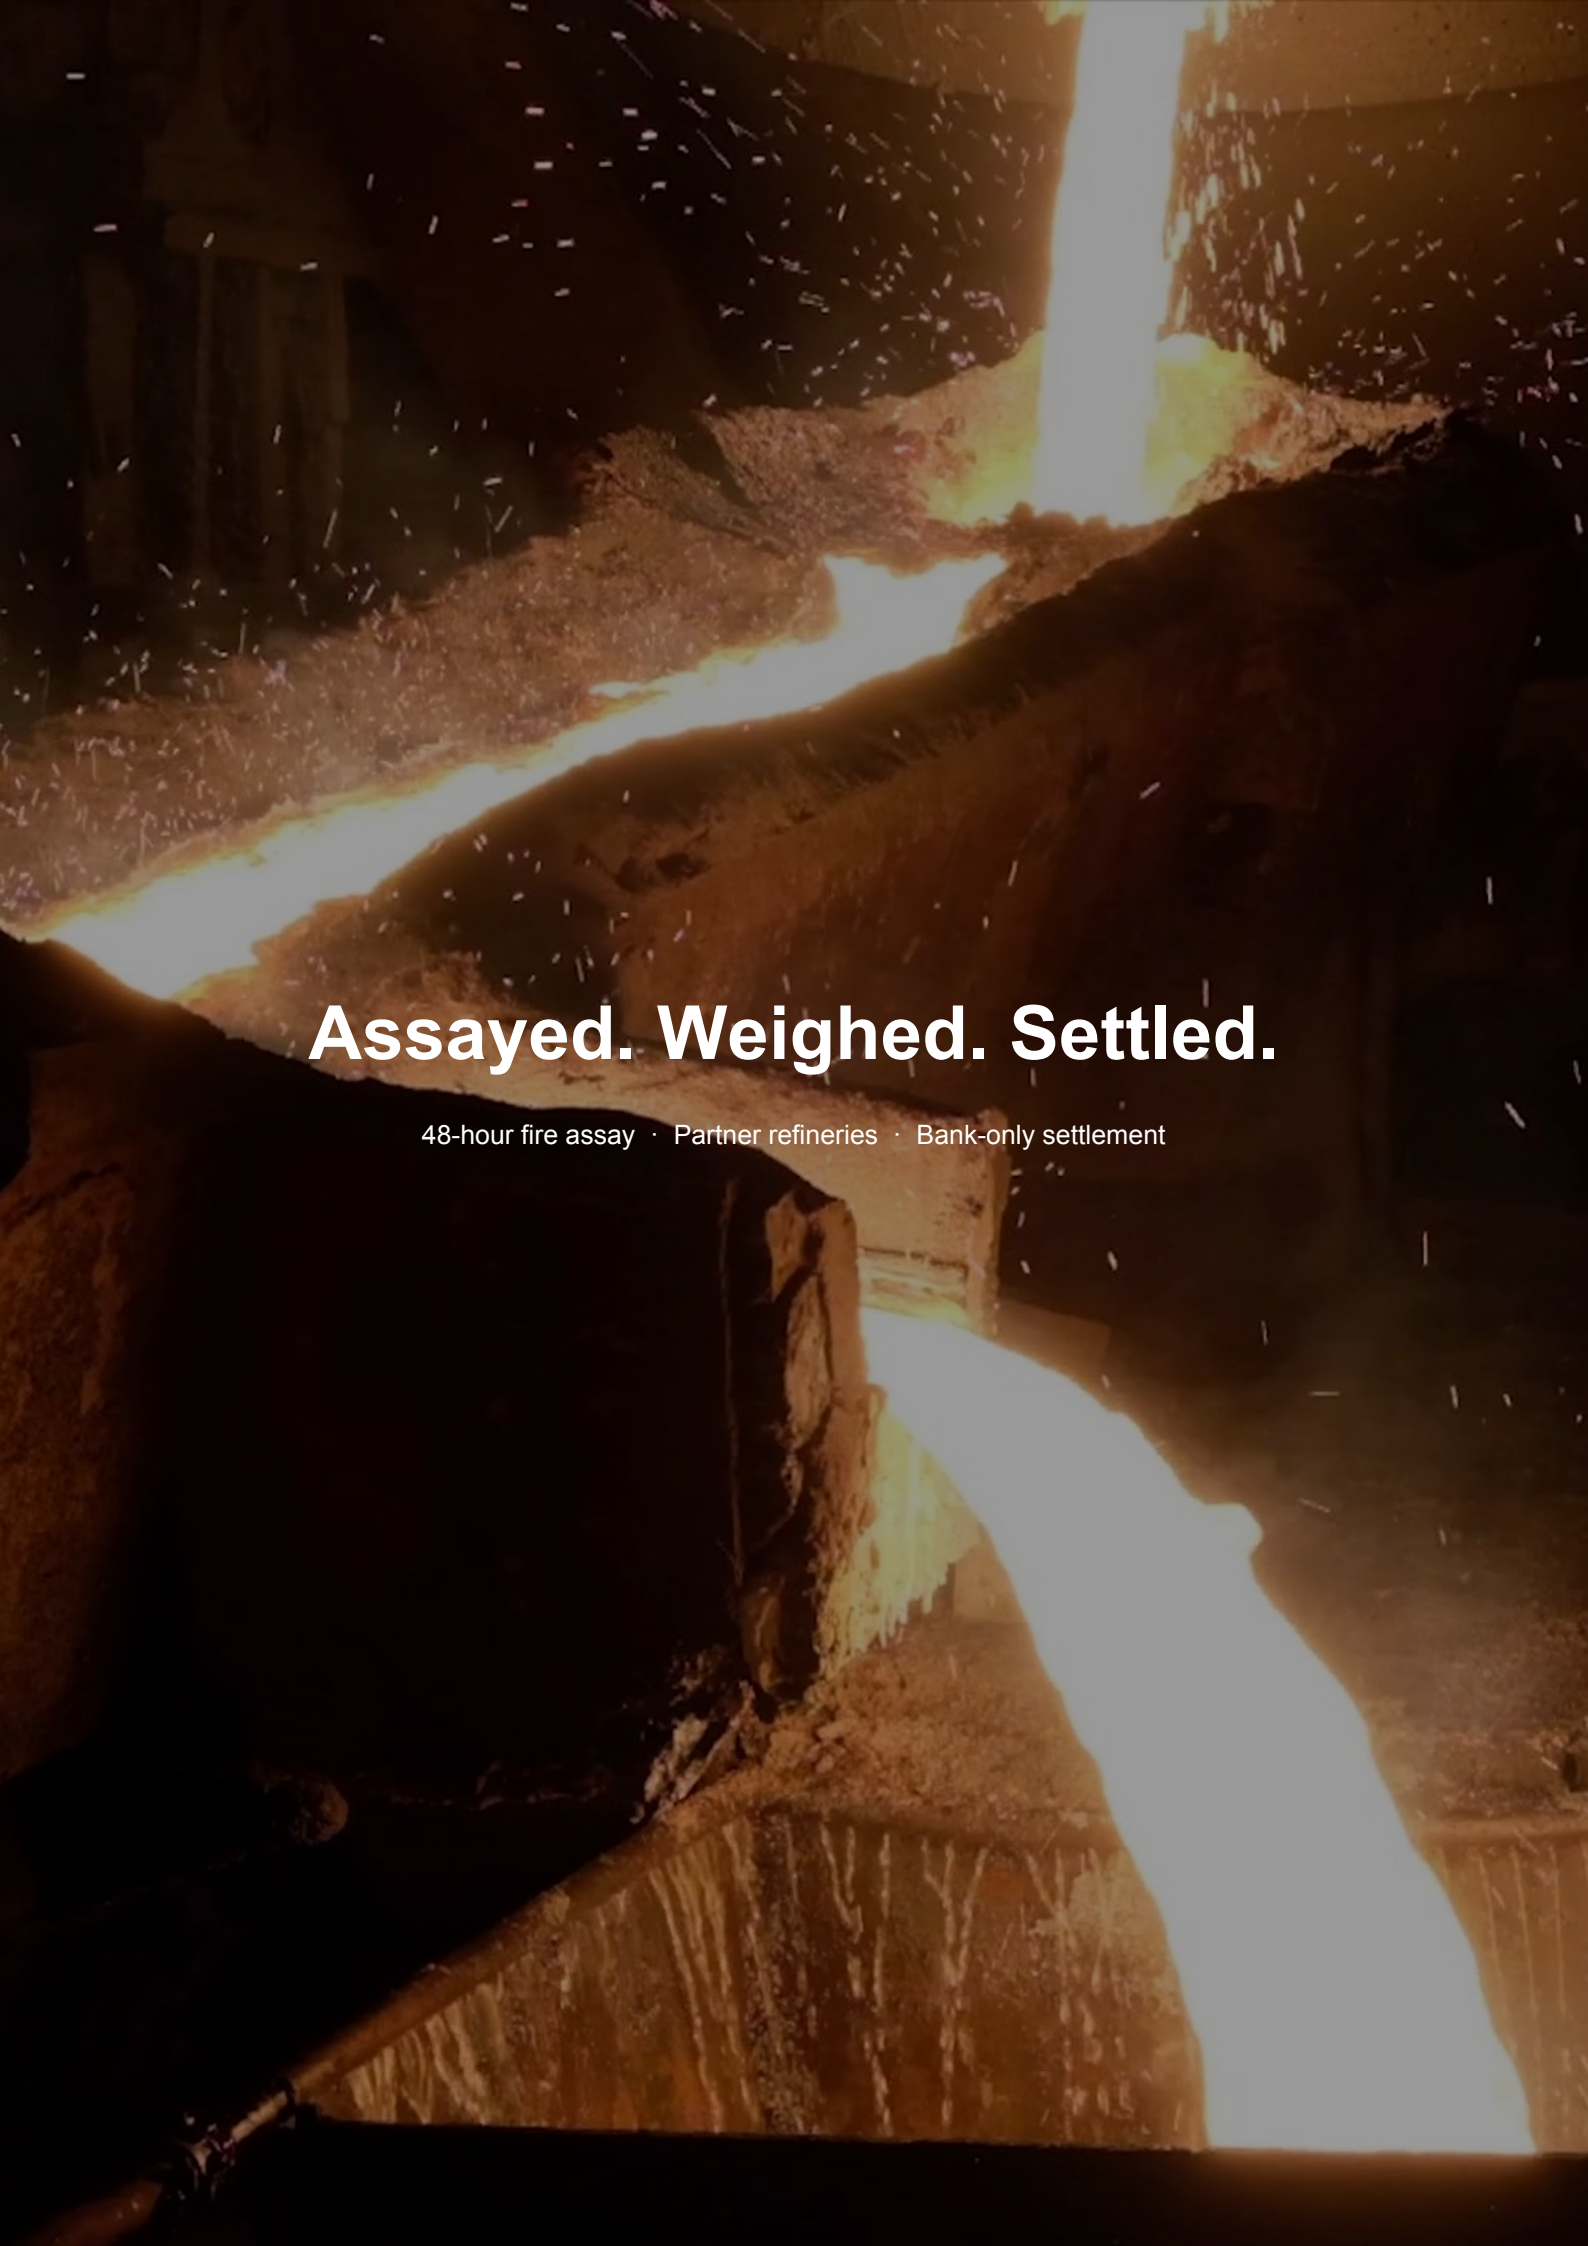

Origin is the mandate. Inspected, state-approved mines — documented lots before a price, not after the metal has already moved. OECD due diligence starts at the pit. Chain of custody from the ground, not from a Dubai spreadsheet.

Supply chain

Insured ocean freight · Air into Dubai · One desk

Assayed. Weighed. Settled.

48-hour fire assay · Partner refineries · Bank-only settlement
